NOTE FOR: DDI

FROM: EA/ExDir

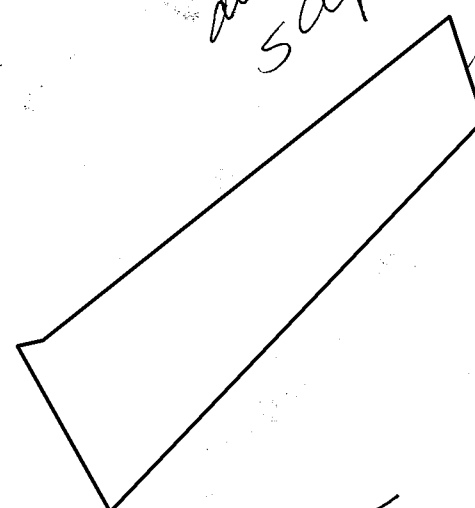

PFIAB Vice Chairman Leo Cherne would like an informal briefing on the strengths and weaknesses of the Soviet economy and on how this country could maximize these weaknesses. I understand he has already talked to [redacted] OGI, about this possibility. The briefing is tentatively scheduled for 7 April, 1:00 p.m., in Room 340 OEOB.

Could you please confirm Jim's participation and suggest an appropriate SOVA person-[redacted]-to join him? We would appreciate a brief memo for the record highlighting the main points covered during the session.

Thanks,
